

PALLAVI KUMARI

B.Tech Computer Science & Engineering Graduate (2026)

Madhepura, Bihar — +91 91428 76095

pallaviyadav0108@gmail.com — [LinkedIn](#)

Professional Summary

B.Tech Computer Science & Engineering graduate (8th semester results declared, CGPA 8.86; provisional certificate awaited) with hands-on lab and teaching experience gained as a Teaching Assistant and peer tutor for junior students. Comfortable with programming languages (Python, C, C++, Java) and core CS subjects such as Operating Systems, Computer Organisation & Architecture, Computer Networks, and DBMS. Also served as a Training & Placement Representative (TPR), coordinating between students and faculty. Seeking a Lab Assistant position to support practical learning, mentor students, and assist faculty in laboratory and academic activities.

Education

B.Tech – Computer Science & Engineering

B.P. Mandal College of Engineering, Madhepura

2023 – 2026

CGPA: **8.86**

Diploma – Computer Science & Engineering

Government Polytechnic College, Saharsa

2020 – 2023

CGPA: **9.13**

Core Subjects

Operating Systems (OS) | Computer Organisation & Architecture (COA) | Computer Networks (CN) | Database Management Systems (DBMS) | Data Structures & Algorithms | Object-Oriented Programming

Skills

Languages: Python, C, C++, Java | **Web Basics:** HTML, CSS, JavaScript | **Tools:** Jupyter, GitHub, VS Code

Professional Experience

Teaching Assistant (TA) – B.P. Mandal College of Engineering

- Assisted faculty in conducting programming and CS lab sessions, helping students debug and understand code.
- Supported evaluation of lab assignments and maintained lab records under faculty guidance.

Peer Tutor – B.P. Mandal College of Engineering

- Provided one-on-one and group tutoring to junior students in Programming, DSA, and core CS subjects.
- Conducted doubt-clearing sessions before exams, helping juniors improve lab and theory performance.

Training & Placement Representative (TPR) – B.P. Mandal College of Engineering

- Acted as a bridge between the Training & Placement Cell, faculty, and students for drives, workshops, and notices.
- Coordinated scheduling and logistics for placement and training activities within the department.

Machine Learning Intern – InternBee

- Developed classification and regression models using Python and Scikit-learn on real-world datasets.
- Performed end-to-end data preprocessing including data cleaning, feature engineering, and model evaluation.

Salesforce CRM Virtual Internship – Salesforce/AICTE

- Completed comprehensive training on CRM concepts, Salesforce platform architecture, and customer data management.

Technical Projects

Chaos-Based Image Encryption Web Application

Python, NumPy, Streamlit

- Engineered a secure image encryption/decryption application using chaos-theory algorithms — Arnold's Cat Map for pixel scrambling and Logistic Map for key generation.
- Implemented XOR masking with independent RGB channel processing; deployed as an interactive Streamlit web app.

Personal Expense Tracker Application

Python, Pandas, Streamlit, CSV

- Developed an expense tracking web application with category-based organization and persistent CSV storage.
- Created a category-wise spending summary dashboard for real-time expense analysis.

Achievements & Extracurricular Activities

- Diploma College Topper** – Achieved top academic rank: 1st position (Year 1), 2nd position (Year 2 & 3) at Government Polytechnic College, Saharsa.
- Mentoring & Tutoring** – Regularly guided junior students in programming labs and core subjects as a peer tutor and TA.
- Training & Placement Representative (TPR)** – Represented the department in coordinating placement and training drives.
